English Proficiency Confirmation for Wei Yuexian

To Whom It May Concern,

This is to confirm that I have communicated with Ms. Wei Yuexian from Beijing Jiaotong University, through emails and online meetings, to discuss this research proposal and plan to apply to Université Paris-Saclay. She has demonstrated a good command of English, both written and spoken. I believe he has adequate English proficiency to study at Université Paris-Saclay as a PhD student.

Therefore, I support Wei Yuexian's application and look forward to welcoming Yuexian to our department.

Sincerely,

Professor David Pastré,
Director of the SABNP lab
